

FEE WAIVERS

Each school is to ensure that adequate waivers or other provisions are available to guarantee that no student is denied the opportunity to participate because of an inability to pay the required fee, deposit, or charge. In addition to the outright waiver of fees, each school that charges a fee is to provide a variety of alternatives for satisfying the fee requirement to those who qualify, if there is reasonable work for fee waiver recipients to do, if the student's circumstances are appropriate, and if there are District/school resources available for adequate supervision and perhaps transportation. Alternatives include allowing the student to provide tutorial assistance to other students; assistance before or after school to teachers and other school personnel on school related matters; and general community or home service. Each school may add to the list of alternatives subject to approval by the Board. (1994 Legislature S.B. 44)
